

ACTIVITIES

Holidays should be fun, which is why our Teen Program is **packed with activities and cultural programs**. In **Alicante**, students can practice water sports (surfing, swimming, bodyboarding...), as well as other sports and routes along the beaches and coves that surround the city, to name a few. **On Saturdays we organize full-day trips** to surrounding cities to get acquainted with the region, for example to Altea, Fuentes del Algar, Murcia, Villajoyosa or Tabarca Island.
